

Storage

design Piero Lissoni + Centro Ricerche Porro

IT/ Con ben tre diverse concezioni di struttura dell'armadio, Storage è il primo sistema modulare che permette la continuità dello spazio in tutto l'armadio. L'innovazione nasce dalla nuova concezione dell'elemento portante della struttura. Da sempre visto e concepito come separatore di parti nell'armadio, con Storage il fianco non è più una barriera, ma diviene l'elemento che permette la continuità aerea all'interno dell'armadio, pur risolvendo brillantemente la sua funzione di elemento portante della struttura e di supporto agli elementi orizzontali. All'interno dell'armadio il concetto di spazio acquista un nuovo valore. Grazie alle tre diverse tipologie di struttura, walk-in closet, armadio tradizionale, boiserie, ora perfettamente integrabili tra loro, è possibile creare spazi aperti o spazi chiusi alternando materiali diversi per soluzioni trasparenti e non.

EN/ With as many as three different concepts of wardrobe structure, Storage is the first modular system that provides for a continuous space throughout the wardrobe. Innovation lies in the new design of the load-bearing element of the structure. Always seen and conceived as an element to divide parts of the wardrobe, with Storage the side panel is no longer a barrier, but becomes the element that allows continuity of space inside the wardrobe, while brilliantly fulfilling its function as a load-bearing element of the structure and support for the horizontal elements. Inside the wardrobe the idea of space acquires a new value. Thanks to the three different types of structure - walk-in closet, traditional wardrobe and boiserie, now perfectly matching one another - it is possible to create open or closed spaces by alternating different materials for transparent and non-transparent solutions.

Cassetto interno / Internal drawer

Pannello di particelle di legno a media densità rivestito con nobilitazione melamminica hemlock cenere, ciliegio white, black sugi, mongoi ed eucalipto²³; oppure laccato opaco colori.

Medium density board overlaid with melamine finishing in hemlock cenere, ciliegio white, black sugi, mongoi or eucalipto²³; or matt lacquered in all the colours of our collection.

Asta appendiabiti / Clothes rod

Estruso in alluminio verniciato bianco, cuvée, nero, moka e cenere.

White, cuvée, black, moka and cenere varnished extruded aluminium.

STORAGE

design **Piero Lissoni + CRS**

La cassetiera "Isola" offre una pratica soluzione contenitiva da posizionare nel dressing.

Cassetti in legno e cristallo si alternano a vassoi estraibili creando elementi ideali per contenere ed esporre in perfetto ordine.

La cassetiera "Isola" può essere composta a piacere scegliendo tra le attrezzature proposte a listino.

La composizione può essere mono o bifacciale ed è realizzata laccata opaca in tutti i colori di campionario oppure in HDS o melamminico hemlock "cenere", mongoi, eucalipto, black sugi o ciliegio white. Le strutture per realizzare cassetiere "Isola" sono disponibili in 2 altezze (813 e 1005 mm) e in 3 larghezze (1364, 1810 e 2031 mm).

The "Isola" chest of drawers offers a practical holding solution to be position in the wardrobe.

Wood and glass drawers matched with removable trays thus offering ideal units to hold and exhibit in perfect order.

The "Isola" chest of drawers can be matched at ease selecting among the fittings suggested in the price list.

The composition can be single or double face and it is made in matt lacquer in the sample colours or in HDS, or "cenere" hemlock melamine, mongoi, eucalyptus, black sugi and ciliegio white. The structures of the chest of drawers "Isola" are available in 2 heights (813 and 1005 mm) and in 3 widths (1364, 1810 and 2031 mm).
